Travel Program

[Day 1: San Cristobal Island](#)

Welcome to San Cristobal in the Galapagos Islands! At the beginning of this trip in the Galapagos Islands you have two options to join the group as described in the specific information below. After teaming up with your fellow travelers, head to La Loberia together, where you'll don your snorkeling gear for the first time and swim among sea lions and maybe see sea turtles. Back in town, you have the evening at leisure. You might go out with the group and enjoy some of the fresh seafood available here.

Extra Info: As you start this trip in the Galapagos Islands, you have two options to join the group:

SUNDAY DEPARTURES: Meet the group at 11:30am at San Cristobal Airport. Your guide will be waiting for passengers from Quito in the arrivals hall with a sign.

DEPARTURES FRIDAY & WEDNESDAY: You will meet the group at 12:30pm at San Cristobal Airport. Your guide will be waiting for passengers from Quito in the arrivals hall with a sign.

Alternatively, you can also meet the group at the hotel (Casa de Nelly) if they arrive here about 1 hour after the meeting time at the airport. The check-in time at the hotel is 12:00 p.m. If you're making your own way to the hotel, we recommend taking a short taxi ride, which will cost around \$2.

Day 2: San Cristobal Island

Today begins with a 45 minute boat ride to Leon Dormido (Kicker Rock). Along the way we may spot nesting frigatebirds and blue-footed boobies. There is also the opportunity to swim among playful young sea lions. At Leon Dormido, you can snorkel and look out for sea turtles, manta rays, and maybe the odd harmless Galapagos shark. The currents can be quite strong so it is important that you are a confident swimmer to take part in this activity. If you have any concerns, please speak to your guide. Lunch will be taken on the boat, after which we will go to the Interpretation Center. Here you can learn more about the history of the "Enchanted Islands" and the conservation projects, who strive to preserve them. Continue to Frigatebird Hill (Cerro Tijeretas), located two kilometers from the Interpretation Center. It's quite a strenuous climb, but the stunning views of the bay are well worth it. In the late afternoon or early evening we return to the city.

Extra Information: If we are unable to visit Leon Dormido, we will alternatively visit Isla Lobos where sea lions, seabirds and marine iguanas are abundant.

Activities included:

- Excursion to Leon Dormido or Lobos Islands

Upon arrival on the island, you can snorkel in the clear waters and stop for lunch. Afterwards, continue to a black sand beach owned by the Witmers, descendants of the first settlers in Galapagos. This town, Puerto Velasco Ibarra, has about 150 residents and a fascinating history of deaths, disappearances and murders. In the late afternoon we say goodbye to Floreana and continue to Isla Isabela (approx. 2 hours). From Isabela Port it is a short transfer to the hotel where we will spend the night (about 15 minutes).

Please note that a port fee of USD 10 is payable upon arrival at Isla Isabela.

The center is home to almost a thousand giant tortoises preparing for their life in the wild. We then head to a brackish water lagoon to spot flamingos. In the afternoon we board a small zodiac (panga) and drive to Las Tintoreras (Shark Alley). Keep an eye out for blue-footed boobies and the famous Galapagos penguin. Upon arrival we take a short walk on this isolated island and popular iguana nesting site. Snorkel in a tranquil bay teeming with colorful fish and winding underground lava tubes. This area is frequented by green sea turtles, who like to rest on the calm, sandy bottom. In the late afternoon, head back to town in search of your own sandy resting place and enjoy your first Isabela sunset, arguably the most beautiful on the island.

If the weather permits, you will undertake a challenging hike of about 17 kilometers up the rocky mountain, which takes 5-6 hours. After the hike we make our way back to town where you can curl up with a book or take a relaxing swim in the sea before dinner.

Extra Info: Please make sure you are wearing comfortable walking shoes that offer good grip for today's hike. It can get quite muddy during the rainy season. There is an option to rent rubber boots on site if you wish. It can get quite hot during the hike and there isn't much shade along the way, so make sure you're equipped with a hat, sunscreen and plenty of water (we recommend 2 liters per person).

Dressing appropriately for the mountains can make the difference between a pleasant trip and a really uncomfortable one. Clothing must provide the right degree of temperature, perspiration and be well ventilated. Preferably cotton clothing should be avoided, as in humid conditions they absorb body heat.

In general, the weather conditions in in the Andes of South America can vary from day to day and even throughout the day. Therefore, clothing must be versatile.

What our travelers or clients always ask questions before joining our trips, tours & expeditions, read all the information provided here.

Suggested FAQs

[What experience and how fit do I need to be to climb this mountain? Is this program suitable for children or older people?](#)

For our mountain climbing trips: If they are easily accessible mountains: For easy-climb mountains, well, you don't need much experience, but if you already want to climb mountains above 6,000 meters and the conditions become more difficult, we recommend if you already want to go through mountains above 6,000 meters, have a basic or intermediate course for a good preparation. It is very important to be physically, technically and psychologically prepared.

Regarding the preparation of children: Everything will depend on which mountain you want to climb with your children, once you are clear on which of our tours or mountains you want to go with your children, we can give you some advice or see how to prepare them before going with them.

Regarding older people: It all depends on the condition of experience and how well the person is in health, on many occasions older people are the best to walk in the mountains because they have more experience, so it is always good to ask and find out about their experience of older participant. If you have any other questions, please contact us. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

What experience do I need to have? How fit do I need to be? Is this program suitable for children or older people?

To do long-distance hiking you need to at least train or do some tours such as visiting lagoons to get the experience and feel comfortable with what you do, it is always good before doing a long-distance hiking tour to test yourself so as not to be with the problems of altitude sickness during the trekking, and if you travel with children it is good to first train them before taking them, if they are accompanied by an adult of legal age, they must do a good acclimatization before going on the long-distance tour or with high altitude camps If you want to know or learn more advice, we can schedule a call via WhatsApp to clarify your doubts. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

How far in advance should I start training and what kind of training do you suggest?

The preparation is according to what type and what technical level you want to go and climb a trek or mountain, the preparation will always gain experience little by little.

For this type of demanding or technical climbing sports, it is recommended to do some summits above 5 thousand meters beforehand and have good knowledge of high mountain technical equipment such as the use of technical ice axes, ice screws, correct use of crampons, and of course all the technical material. For more information, we can schedule an appointment to be able to explain in more detail everything about the mountain equipment and the preparations prior to joining our outings. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

[What happens in the event of bad weather?](#)

About the meteorological conditions of the climate, we try to organize the trips of each tour in the best season to have the best views and enjoy the selected trip but sometimes even in good season we can have bad weather, in this case on hiking or treks trips the complications are minimal, but when this happens during high-altitude climbing expeditions, the complications can become very difficult, that is why the bosses or leaders of the local guides must always make the most correct decision for the safety of our passengers, so we always recommend listening to the best advice from the local guide assigned for each tour. If you have any other questions please contact us. **For calls or inquiries to this number: [+51 943 081 066](#)**

[Can I join a group?](#)

We as a local company and connoisseurs of tours have departures on different dates. The best thing to do is to join a travel group to take care of your budget, and of course you can join our groups, but on trips like mountaineering we recommend going in small groups. To join a group, ask us for the dates and we will send you the necessary information to be able to join any of our trips.

Why go in a private trip: For trips whether trekking or high mountains, going privately is the most recommended option, but the costs are more expensive. So, if one joins a group, the prices will be more reasonable. In the mountains, the only disadvantage is if you are in a wall with another partner and if one of the participants gets tired or gets sick. In this case, you have to abort or cancel the summit and return together. For more information, contact us. We can schedule a call via WhatsApp to clarify all your questions.

In a mountain, for example, if 3 people go and one of the participants falls ill on the route, for security reasons they have to cancel or abort the summit or return all together. The same in a technical mountain if the climbing partner gets sick they all have to return, for these reasons sometimes it is better to go private only because for a single person the costs are more expensive for the same reason that the trip would already be private .
