

Peru: Discover the Rainbow Mountain and Trekking Ausangate + Climbing Nevado Santa Catalina

Peru: Rainbow Mountain (Vinicunca)

Rainbow Mountain, locally known as Vinicunca, is an impressive geological formation located in the Cusco region of Peru. Its colorful landscape is due to the mix of minerals in the layers of earth, which, when eroded by wind and rain, reveal vibrant shades of red, yellow, blue, and green. The mountain has become a popular destination for tourists seeking to enjoy the natural beauty of the area and the trekking experience at high altitudes.

- **Height:** 5,200 m.a.s.l.
- **Access:** The mountain can be accessed via a trek starting from the town of Cusipata or from the community of Pitumarca, offering spectacular views of the Andean landscape.
- **Best time to visit:** From April to October, when the weather is drier.

Trekking Ausangate

The Ausangate Trekking is one of the most spectacular trekking routes in the Cusco region. This circuit surrounds the majestic Nevado Ausangate, which is considered an *apu* (sacred mountain) in Andean cosmology. The trek lasts from 5 to 7 days, depending on the chosen route, and offers panoramic views of glaciers, turquoise lagoons, and truly impressive mountain landscapes.

- **Maximum height:** 6,372 m.a.s.l. (Nevado Ausangate).
- **Duration:** 5 to 7 days.
- **Difficulty:** Moderate to high, due to altitude and terrain variability.
- **Highlights:** Lagoons such as the Ausangate Lagoon, the Apacheta pass, and views of the Ausangate glacier.

Climbing Nevado Santa Catalina

Nevado Santa Catalina is located in the Vilcanota Mountain Range, within the Ausangate trekking area. With an altitude of approximately 5,550 m.a.s.l., this snow-capped peak is less known than others in the region, but offers a unique climbing experience. The ascent route includes glaciers and steep slopes, making it a challenge for climbers.

- **Height:** 5,550 m.a.s.l.
- **Difficulty:** High, requiring ice climbing experience and the use of specialized equipment.
- **Best time to climb:** From June to September, when weather conditions are more favorable.
- **Features:** Offers spectacular views of the Vilcanota Mountain Range and Nevado Ausangate, along with an untouched natural environment.

Dressing appropriately for the mountains can make the difference between a pleasant trip and a really uncomfortable one. Clothing must provide the right degree of temperature, perspiration and be well ventilated. Preferably cotton clothing should be avoided, as in humid conditions they absorb body heat.

In general, the weather conditions in the Andes of South America can vary from day to day and even throughout the day. Therefore, clothing must be versatile.

Please do not hesitate to contact us with any questions you may have regarding the necessary equipment.

Recommendations for Climbing Nevado Jampa

To ensure that your climbing experience on Nevado Jampa is safe and enjoyable, consider the following recommendations:

Appropriate Clothing

Wear suitable clothing to combat the cold, including gloves and a hat or similar to cover your ears.

Cash

It is advisable to carry cash, preferably in soles (S/. = PEN), as it is the currency used in the Ausangate area. The amount will depend on your average personal expenses.

Practical Backpack

Use a 20-30 liter backpack during the route that contains the necessary equipment. Include items like cameras, batteries, sunscreen, water, and snacks.

Emergency Equipment

Bring snow goggles for climbing, as they can be useful in high-light conditions on the glacier.

Family Trip

If traveling with children, it is recommended to book in the optimal season (May, June, July). Consider opting for a private trip to facilitate itinerary management.

Batteries and Chargers

Don't forget to bring extra batteries for your electronic devices, or a power bank to keep them charged.

Personal Toiletries

Ensure you bring personal toiletries and swimwear if you plan to enjoy the hot springs in Pacchanta.

Personal Medications

If you need specific medications, ensure you carry your prescriptions and necessary doses.

Frequently Asked Questions

What our travelers or clients always ask questions before joining our trips, tours & expeditions, read all the information provided here.

Suggested FAQs

[What experience and how fit do I need to be to climb this mountain? Is this program suitable for children or older people?](#)

For our mountain climbing trips: If they are easily accessible mountains: For easy-climb mountains, well, you don't need much experience, but if you already want to climb mountains above 6,000 meters and the conditions become more difficult, we recommend if you already want to go through mountains above 6,000 meters, have a basic or intermediate course for a good preparation. It is very important to be physically, technically and psychologically prepared.

Regarding the preparation of children: Everything will depend on which mountain you want to climb with your children, once you are clear on which of our tours or mountains you want to go with your children, we can give you some advice or see how to prepare them before going with them.

Regarding older people: It all depends on the condition of experience and how well the person is in health, on many occasions older people are the best to walk in the mountains because they have more experience, so it is always good to ask and find out about their experience of older participant. If you have any other questions, please contact us. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

[Will I need to bring any technical equipment of my own? Is it possible to rent equipment, and if so, what would be the approximate cost of that?](#)

In all our trekking or mountaineering trips we do not include personal equipment in our prices, so you have to have your own equipment: Personal equipment (such as boots, ice ax, crampons, harness, sleeping bag, mat, Goretex, etc.) and also within each page of the trips that we sell is a small list so you can see it on our website.

Our company can also rent the materials that you would need for your trip, see the list here on our website: <https://peru-expeditions.org/equipment-rental/> . **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

[Are there any other special requirements such as permits/insurance/vaccines that I need to consider before the tour?](#)

Safe and effective vaccines are available that provide strong protection against serious illness, hospitalization and death from COVID-19. Billions of people have been vaccinated against COVID-19. Getting vaccinated is one of the most important things you can do to protect yourself against COVID-19, help end the pandemic and stop new variants emerging.

We also recommend having accident insurance, we always recommend. We are **Partners -Global Rescue**. If you have any other questions about the trip we can schedule a date for a calling via WhatsApp. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

What experience do I need to have? How fit do I need to be? Is this program suitable for children or older people?

To do long-distance hiking you need to at least train or do some tours such as visiting lagoons to get the experience and feel comfortable with what you do, it is always good before doing a long-distance hiking tour to test yourself so as not to be with the problems of altitude sickness during the trekking, and if you travel with children it is good to first train them before taking them, if they are accompanied by an adult of legal age, they must do a good acclimatization before going on the long-distance tour or with high altitude camps. If you want to know or learn more advice, we can schedule a call via WhatsApp to clarify your doubts. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

How far in advance should I start training and what kind of training do you suggest?

The preparation is according to what type and what technical level you want to go and climb a trek or mountain, the preparation will always gain experience little by little.

For this type of demanding or technical climbing sports, it is recommended to do some summits above 5 thousand meters beforehand and have good knowledge of high mountain technical equipment such as the use of technical ice axes, ice screws, correct use of crampons, and of course all the technical material. For more information, we can schedule an appointment to be able to explain in more detail everything about the mountain equipment and the preparations prior to joining our outings. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

What is the average distance and altitude gain that we will hike each day?

Every day we have active walks around approximately 4, to 5 sometimes 6 hours of walking, everything is according to your pace and physical condition of each person, in each of our travel programs you will find more detailed information, and if you need more information about each day of the travel program, we can schedule a call via WhatsApp to clarify your doubts or questions, for this please contact us. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

Will there be porters to help to carry group and personal equipment?

In our trips, either hiking or mountaineering: Depending on the type or destination of the trip that you are going to book, in some parts of the treks you go with mules or donkeys or sometimes with horses, and within the mountain trips, the approach camps are also. They go with mules or donkeys, but there are some stretches where pack animals can no longer reach. In this part, our logistics is fully supported by the porters.

Who are the porters? They are people from the area who were born and live in the heights of the towns, they are very strong and are very acclimatized, the reason is that after the tourist season ends they dedicate themselves to agriculture and livestock for that reason they are people. They are used to the altitude and have lived in nature all their lives and they are happy to be in the mountains together with our expeditions. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

How will accommodation and meals be handled during the trek?

About accommodation or meals during the tour: Well, depending on the type of tour, when the tour

is a classic cultural tour or a city tour, we eat during the route in tourist restaurants and sleep in category hotels that the client has requested.

If the tour is with camps and trekking: During the activity, logistics we include the service of Breakfast, Lunch, and Dinner with traditional and typical meals of the region where you are going to travel with us, during the night we stay in tents, and we have a special tent for the kitchen and another for the dining room.

If the trip is at altitude or in the mountains: We bring special high mountain food, It are quicker meals to cook and we provide complete logistics such as Breakfast, Lunch and Dinner, and we sleep in special 4-season high mountain tents, with the best tents. If you have any questions or concerns, we can schedule an appointment via Whatsapp to clarify all your doubts and give you better information so that your trip is an unforgettable tour.

What is the guide-to-client ratio to climb this mountain?

In mountains above 5000 meters: A local guide takes a maximum of 3 clients = Ratio 3pax = 1 local guide

In technical mountains: In large-big mountains we manage the travel policy, a guide and a maximum of 2 clients = Ratio 3pax = 1 local guide. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

What is the best time of the year to climb this mountain?

For all the trips that we offer within our main tourist destinations such as South America and Central America, also including the ascent of the 7 continents and the 7 highest peaks of each continent, on each page of our website for each trip we indicate that month or what season to travel, then please read the information you find in our travel offers for each tour. If you have any other questions you can contact us by WhatsApp with one of our travel experts. Thank you so much. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

Do I have what it takes to succeed on this expedition?

In the interest of the team's enjoyment and success, we work with every single guest to ensure they are properly prepared and ready for this expedition. We pride ourselves on vetting every member to make sure that the team can bond and succeed together. It really sucks to be grouped with members that are much faster, or much slower, than you are. No one wants to be the weakest link on a trip like this. By setting expectations and a solid training plan, we work to insure maximum cohesive success. Use this trip as an exercise motivator, and we will succeed together with style.

How can I get to the trailhead/meeting point?

For the pick-ups of each trip, depending on the place or the trip that you are going to make with us, the meeting point is always at our office, in one of our trips we pick you up where you are staying or staying, or in some cases a A representative of our company will pick you up and then ship you to your transport to continue with your destination of the tour or trip you have booked with us. If you wish to request more information, do not hesitate to contact us. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

What happens in the event of bad weather?

About the meteorological conditions of the climate, we try to organize the trips of each tour in the best season to have the best views and enjoy the selected trip but sometimes even in good season we can have bad weather, in this case on hiking or treks trips the complications are minimal, but when this happens during high-altitude climbing expeditions, the complications can become very difficult, that is why the bosses or leaders of the local guides must always make the most correct decision for the safety of our passengers, so we always recommend listening to the best advice from the local guide assigned for each tour. If you have any other questions please contact us. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

Can I join a group?

We as a local company and connoisseurs of tours have departures on different dates. The best thing to do is to join a travel group to take care of your budget, and of course you can join our groups, but on trips like mountaineering we recommend going in small groups. To join a group, ask us for the dates and we will send you the necessary information to be able to join any of our trips.

Why go in a private trip: For trips whether trekking or high mountains, going privately is the most recommended option, but the costs are more expensive. So, if one joins a group, the prices will be more reasonable. In the mountains, the only disadvantage is if you are in a wall with another partner and if one of the participants gets tired or gets sick. In this case, you have to abort or cancel the summit and return together. For more information, contact us. We can schedule a call via WhatsApp to clarify all your questions.

In a mountain, for example, if 3 people go and one of the participants falls ill on the route, for security reasons they have to cancel or abort the summit or return all together. The same in a technical mountain if the climbing partner gets sick they all have to return, for these reasons sometimes it is better to go private only because for a single person the costs are more expensive for the same reason that the trip would already be private .

For more information please contact us. **For calls or inquiries to this number: [+51 943 081 066](tel:+51943081066)**

Additional information

We help in the purchase of air tickets: we set up convenient flight options with each participant of the trip and book tickets such as international flights and domestic flights in each destination city of the countries that we offer our trips. About a Satellite Phone or inReach® Messenger - GARMIN: On each trip we recommend having a

satellite phone at your disposal. The possibility of quick contact from anywhere on the mountain will guarantee your safety on the road. In case of need (for example, contact with the family or the travel company), for this service the participants have to request to rent a satellite phone, of course this service has an additional cost, contact us or ask our office for more information. A practical device is to have an inReach® Messenger - GARMIN also helps for any emergency. → [More information click here](#)

Many of the participants or clients of our adventures, hikes and expeditions in the mountains are people who sign up alone, but in some of our trips you will be able to find a travel partner companion to join a group. We have many options for you from day tours, short treks, long duration tours, and even the most extreme climbing high mountains on each country or South American continent and other destinations, as like the destinations you can see on our website. The mountains are a great place for rapid integration and a very healthy sport. → [More information click here](#)

Our mountain guides or tour leaders: All of our Tour Leaders are multiple conquerors of the peaks they lead the expeditions to. Each of our cultural guides, high mountain guides, mountainbike guides, among others are internationally recognized and certified guides, such as the certifications of **(UIMLA)** Union of International Mountain Leader Associations & **(IFMGA)** International Federation of Mountain Guides Associations. The mountaineering experience, skills and knowledge of your guides are a priority for us. → [More information click here](#)
