Day 01: Cusco – Km 82 – Wayllabamba (Departure 5:00 am)

We will pick you up at your hotel in Cusco City around 5:00 am and travel in a private van to Kilometer 82, the beginning of the **Luxury Inca Trail tour**. (If you stay in the Sacred Valley like Ollantaytambo or Urubamba, the pick up will be 2 hours later). In Ollantaytambo, we will stop for breakfast in a local restaurant with beautiful views of the Inca Town, and do some last-minute shopping. We’ll then continue for 30 minutes to the checkpoint of km 82. The iconic **Inca Trail Hike** starts right here, so the first part will be a relatively easy 4-hour hike to the lunch place near the Inca Site of **Llactapata**. As part of our **Luxury Inca Trail service**, you will have an elite team of chefs preparing gourmet meals using fresh local products and also enjoy cold drinks such as beer or sodas. After lunch, you’ll continue hiking along the Cusichaca River for 2 more hours to the Village of **Wayllabamba**, where we spend the night. Here, you'll have a tasty lunch waiting for you to reenergize for the ascent. During this first section, you will pass through different microclimates with enough time to admire the stunning mountain views covered by native plants, including the Polylepis or Q'ueuña trees. After lunch, you will continue hiking up to **Warmiwañusca (Dead Woman's Pass)**, the highest point of the trail with 4,215 m (13,828 ft). It'll be a great opportunity to soak in the views and rest for a while. Next, you'll continue for another 2-hours down to the second campsite at Pacaymayo Alto, located at 3,600 m (11,482 ft). Suggested FAQs

What experience and how fit do I need to be to climb this mountain? Is this program suitable for children or older people?

For our mountain climbing trips: If they are easily accessible mountains: For easy-climb mountains, well, you don't need much experience, but if you already want to climb mountains above 6,000 meters and the conditions become more difficult, we recommend if you already want to go through mountains above 6,000 meters, have a basic or intermediate course for a good preparation. It is very important to be physically, technically and psychologically prepared.

Regarding the preparation of children: Everything will depend on which mountain you want to climb with your children, once you are clear on which of our tours or mountains you want to go with your children, we can give you some advice or see how to prepare them before going with they.

Regarding older people: It all depends on the condition of experience and how well the person is in health, on many occasions older people are the best to walk in the mountains because they have more experience, so it is always good to ask and find out about their experience of older participant. If you have any other questions, please contact us. **For calls or inquiries to this number: +51 943 081 066**

Will I need to bring any technical equipment of my own? Is it possible to rent equipment, and if so, what would be the approximate cost of that?

In all our trekking or mountaineering trips we do not include personal equipment in our prices, so you have to have your own equipment: Personal equipment (such as boots, ice ax, crampons, harness, sleeping bag, mat, Goretex, etc.) and also within each page of the trips that we sell is a small list so you can see it on our website.

Are there any other special requirements such as permits/insurance/vaccines that I need to consider before the tour?

Safe and effective vaccines are available that provide strong protection against serious illness, hospitalization and death from COVID-19. Billions of people have been vaccinated against COVID-19. Getting vaccinated is one of the most important things you can do to protect yourself against COVID-19, help end the pandemic and stop new variants emerging.

We also recommend having accident insurance, we always recommend. We are **Partners –Global Rescue.** If you have any other questions about the trip we can schedule a date for a calling via WhatsApp. **For calls or inquiries to this number: +51 943 081 066**

What experience do I need to have? How fit do I need to be? Is this program suitable for children or older people?

To do long-distance hiking you need to at least train or do some tours such as visiting lagoons to get the experience and feel comfortable with what you do, it is always good before doing a long-distance hiking tour to test yourself so as not to be with the problems of altitude sickness during the trekking, and if you travel with children it is good to first train them before taking them, if they are accompanied by an adult of legal age, they must do a good acclimatization before going on the long-distance tour or with high altitude camps If you want to know or learn more advice, we can schedule a call via WhatsApp to clarify your doubts. **For calls or inquiries to this number: +51 943 081 066**

How far in advance should I start training and what kind of training do you suggest?

What happens in the event of bad weather?

About the meteorological conditions of the climate, we try to organize the trips of each tour in the best season to have the best views and enjoy the selected trip but sometimes even is good season we can have bad weather, in this case on hiking or treks trips The complications are minimal, but when this happens during high-altitude climbing expeditions, the complications can become very difficult, that is why the bosses or leaders of the local guides must always make the most correct decision for the safety of our passengers, so we always recommend listening to the best advice from the local guide assigned for each tour. If you have any other questions please contact us. **For calls or inquiries to this number: +51 943 081 066**

Can I join a group?

We as a local company and connoisseurs of tours have departures on different dates. The best thing to do is to join a travel group to take care of your budget, and of course you can join our groups, but on trips like mountaineering we recommend going in small groups. To join a group, ask us for the dates and we will send you the necessary information to be able to join any of our trips.

Why go in a private trip: For trips whether trekking or high mountains, going privately is the most recommended option, but the costs are more expensive. So, if one joins a group, the prices will be more reasonable. In the mountains, the only disadvantage is if you are in a wall with another partner and if one of the participants gets tired or gets sick. In this case, you have to abort or cancel the summit and return

together. For more information, contact us. We can schedule a call via WhatsApp to clarify all your questions.

In a mountain, for example, if 3 people go and one of the participants falls ill on the route, for security reasons they have to cancel or abort the summit or return all together. The same in a technical mountain if the climbing partner gets sick they all have to return, for these reasons sometimes it is better to go private only because for a single person the costs are more expensive for the same reason that the trip would already be private .
