

Manu National Park - Reserved Zone

Manu Reserved Zone tours we travel through the mountains to enter cloud forest, where we do some walks to observe several species of birds, orchids and maybe monkeys.

After spending the night in our private lodge (Mirador) following day we continue 4h by boat to Manu Rainforest lodge deep in the jungle, visiting hot springs on the way. In the evening we do a night-walk to observe spiders (tarantulas), insects, frogs and snakes.

We continue travelling by boat to the Reserve Zone (Casa Matsigenka Lodge). The following day we explore the primary rainforest (untouched), visiting the lakes Cocha Salvador and Cocha Otorongo.

We have the chance to see Jaguars, giant otters many monkey species, birds like parrots and an unbelievable variety of plants like giant trees, palms and medical plants.

The following day we go back by boat to M.R. lodge, spending night in a tree house besides a mammals clay lick to watch out for tapirs, deer and other animals.

The next morning we explore again the rainforest before going back by boat and bus to Rainforest Lodge.

On the last day we return to Cusco by bus.
